Classbuddy   **Accessibility**   **Statement**

*Last updated: ==**September 01, 2024.**==*

Classbuddy is committed to ensuring digital accessibility for all users, including individuals with disabilities. We strive to meet or exceed the requirements of applicable accessibility standards, such as the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA.

Our Commitment

Classbuddy is dedicated to creating an inclusive learning environment for all students, instructors, and educational institutions. We believe that accessibility is crucial for all students and faculty to have an equal opportunity to engage with our services and have access to the latest in AI and technology during their learning journey.

Accessibility Features

We have implemented several features to ensure accessibility, including:

- **Screen Reader Compatibility**: Classbuddy is compatible with many screen readers to enable access for visually impaired users such as 'Screen Reader from Google'.
- **Keyboard Navigation**: Our platform supports navigation via keyboard for users who are unable to use a mouse.
- **Alt Text for Images**: Images on our platform are provided with descriptive alt text to help users understand visual content.
- **Captioning and Transcripts**: Multimedia content such as videos is accompanied by captions or transcripts to make content accessible for individuals with hearing impairments.
- **Adjustable Text**: Users can adjust text size and contrast settings to improve readability.

Ongoing Efforts to Improve Accessibility

Classbuddy is continuously working to enhance the accessibility of our platform. We incorporate accessibility into our UI design process, ensuring compliance with WCAG standards, including specific accommodations for visually impaired users and learners with low vision or colorblindness.

Feedback and Contact Information

We welcome your feedback on the accessibility of Classbuddy. If you encounter any barriers while using our platform or have suggestions on how we can improve, please contact us at:

Third-Party Content

While we strive to ensure that all content on our platform is accessible, some content provided by third parties may not yet fully comply with accessibility standards. We encourage third-party providers to make their content accessible and are working towards minimizing such instances.

Accessibility Limitations

Despite our efforts, users may encounter some limitations. These could include content that has not yet been fully optimized for accessibility or features that rely on third-party services that do not yet fully comply with accessibility standards. We are committed to overcoming these limitations and appreciate your patience.
